

Spring Semester 2022 Registration

PCSC Education Committee is thankful for all the instructors who have volunteered for the upcoming semester, and to the Education Committee volunteers who worked to make this registration possible.

Registration begins **March 27 at 4 pm** for the spring semester.

Classes start April 4.

PCSC uses Eventbrite as the course registration software. You DO NOT NEED an Eventbrite account and password to register.

Eventbrite will allow access to **view the course descriptions**; however registration is **NOT** active until **March 27** at 4 pm.

TIPS

Each **course description** in the Selection Guide includes the **experience level** designed for each class. Since there are **limited seats** available for each course, **refer to the designated level** before registering.

When classes have more than 1 session, **confirm your availability to attend ALL the sessions**. **If you cannot attend all sessions**, please DO NOT REGISTER for that class.

The classes are listed in Eventbrite **chronologically**. To make it easier to register, **make a list** of the classes chronologically from April through June **that you wish to attend**. Then review **your** personal calendar to **double check your availability** to take the class. This will avoid refunds and reduce cancellations.

Several of the classes sell out quickly. Have **credit card ready** before opening registration.
